1. The substitute specification filed 7/22//03 has not been entered because it does not conform to 37 CFR 1.125(b) and (c) because it contains claims to be amended. See MPEP 608.01(q) and CFR 1.125.
2. The amended claims have not been entered because they are not amended in accordance with CFR 1.121.
3. The amendments to the specification seem to be a bona fide attempt to advance the application but of a non-serious nature. It is believed that applicant never intended to amend the claims, just amend the specification. Accordingly the examiner is sending a non-final action in order for applicant to correct the deficiencies. See MPEP 714.03.
3. Claims 1-35 filed 6/17/03 are allowable over the prior art of record.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Beatty whose telephone number is 703-308-1372. The examiner can normally be reached on M-F from 9 to 6.
